

PTT SOLUTION FOR SPECIAL APPLICATIONS

ecom
MOBILE SAFETY

TASSTA offers a professional Push-To-Talk solution with uses all technical capacities of the ECOM Smartphones. T.Flex application and special hardware operational buttons on the ECOM devices are able to provide the best possible safety for an everyday operation.

TASSTA's T.Flex makes it possible to organize a professional PTT communication platform in hazardous environments (e.g. oil and gas plants, chemical plants, mining, etc.).

TASSTA extends capabilities and allows users to operate on cellular networks around the world. It works over LAN, WiFi or/and any mobile network (e.g. 3G, LTE) while allowing users a maximum connectivity.
